

# WHY HIGHER GROUNDS MGMT

## ELITE WHITE GLOVE SERVICE

We do things differently. We ensure that your loved one is set up in a luxury residence that is equipped with 24/7 security, privacy, and experienced support. Additionally, we provide customized meal plans, dedicated coaches, and unique fitness routines tailored to each individual's needs.

## GUIDANCE

In attempts to eradicate the temptation of substances that comes with the ability to spend money, we temporarily curb all access to clients' finances while they are enrolled in our program.

Our team provides all customized meals and teaches life skills by implementing recovery strategies in real-world settings. This enables long-lasting change and trains our clients to make better choices when faced with daily triggers.

## SUPPORT

Each client is supported by a dedicated team member who is available 24/7. Our support team works with our guidance coaches to help reinforce their positive choices by slowly softening restrictions to give them more freedom.

If our clients regress, our team will reinforce the previous restrictions and provide additional support to work through any setbacks and maintain progress.

## WHO ARE WE?

We help you get it right the first time.

Our highly trained law enforcement, former federal and juvenile probation officers, deputy probation officers, and coaches have a combined total of over 50 years of experience facilitating minors and young adults with drug and alcohol problems.

## WHO WE HELP

If you are a parent who has spent thousands of dollars and countless hours on rehabilitation services for your loved one, you need to protect your investment. Therapy and medications alone will fail.

Higher Grounds Management is the extra support you need to ensure your investment is protected. **We are with you every step of the way!**
